AVG<sup>®</sup> Anti-Spam

## AVG® Anti-Spam

Nothing is more frustrating than inboxes full of scams and spam, but now there's a simple and effective fix. AVG® Anti-Spam is a cloud-based email security service that delivers comprehensive protection against spam, viruses, phishing attacks, and other email-born threats. Always automatically up-to-date, it tackles dangers in the cloud before they ever have a chance to impact your network.

### How does this benefit you?

**Protection your network more efficiently:** Prevents unwanted or malicious email in the cloud from hitting your network. 10 levels of in-depth protection that is more effective than traditional techniques.

**Block spammers:** Choose to block messages from specific individuals or entire countries in order to receive only the emails that are truly important.

**Save time and costs:** Fewer frustrations, fewer infections, and avoiding issues like IP blacklisting means fewer costly complications for your business.
